

# Surface Sanitiser Smart Dose™

## D1

## Surface Sanitiser

### Description

Suma® Sanitiser SmartDose™ is a concentrated quaternary ammonium chloride-based, no rinse sanitiser for use on all hard surfaces including food contact surfaces in food premises.

The SmartDose™ system provides maintenance-free setup (no installation, water connection or servicing) and requires little training for exceptional performance. It utilises automatic and precise doses per application to deliver consistent cleaning for your everyday hygienic needs.

### Effective

- No-rinse sanitiser for three-compartment sinks and food contact surfaces.
- Automatic measurement delivers precise doses per application, providing consistent cleaning.

### Versatile

- Safe for soft metals.
- Easy-to-use.
- Three simple steps to deliver accurate dosing that eliminates guesswork.

### Application areas

- Food Service
- Retail
- Lodging
- Education
- Healthcare

### Directions for use

See SmartDose™ dispensing system operating instruction sheet enclosed in each case. Automatically dispense from SmartDose™ package for bucket or bottle fill.

**Bottle fill:** Fill spray bottle half with water. Select spray bottle icon on SmartDose™ bottle, pull up on selector knob and completely push down on selector knob to dispense product into spray bottle. Finish filling the spray bottle with water. One dose per 946ml of water.

**Bucket and Sink Fill:** Fill bucket or sink with 9.5L of water. Select bucket icon on SmartDose™ bottle, pull up on selector knob and completely push down on selector knob to dispense product into bucket. One dose per 9.5L of water.

**General Use:** Apply diluted solution to pre-cleaned surface. Allow surface to air dry. Do not contaminate water, food or feed by use, storage or disposal.

In New Zealand: MPI Approved C 101 (All animal product except dairy).
