

National Workplace Module

Safe Work Australia Compliant First Aid Modules

The Safe Work Australia Code of Practice, First Aid in the Workplace, 2012, states that all workers must be able to access a first aid kit. This will require at least one first aid kit to be provided at their place of work. The first aid kits should provide basic equipment for administering first aid for injuries.

Some types of workplaces may require additional items to treat specific types of injuries and illnesses.
