meet aldo™

the innovative powdered beverage dispenser.

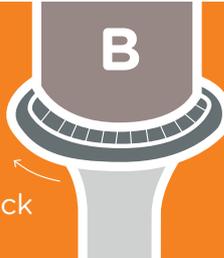

Simple to use

1

Remove and fill the canister with product.

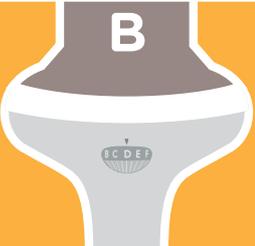

2

Then replace it on the machine and secure it with the locking ring.

turn to lock

3

Set the dosing dial to the correct dose e.g. Nescafé B43 = B.

4

Switch-on the machine by turning the dispensing nozzle. Turn-off when the machine is not in use, to avoid accidental spillage and save energy.

5

Push the play button to dispense. Push the + button for additional product. Then just add hot water to produce the perfect beverage, cup after cup.
