

OXY-GEN AIR FRESHENER SYSTEM

Fragrance Location Guide

A guide to suggest fragrances for specific areas

Ladies Washroom

Gents Washroom

Conference Rooms

Gyms

Lifts/Elevators

Hospitals/Nursing Homes

Select fragrances with higher intensities for high traffic areas.

Get the most from your Oxy-gen Dispenser!

Place it where it will catch the natural air flow in the room.

WASHROOM POSITIONING GUIDE

Don't put it near any air extraction units as the fragrance will be drawn out of the room
