## Material Analysis

Buro Seating acknowledges its responsibility to develop environmentally sustainable products and business practices and consequently is committed to growing our range of chairs which are manufactured from recycled and/or recyclable materials. Buro's environmental management system (EMS) provides the framework for managing our environmental strategy;

### MAIN PRINCIPLES

- To design products and processes that utilize minimal raw materials.
- To design products with a minimum end of life recyclability of 95% in NZ and Australia.
- To reduce, reuse and recycle waste.
- To develop an understanding of legislation relating to the environment and affecting the activities of our company.

Buro is committed to developing a "cradle to grave" process for all seating products wholesaled in NZ and Australia.

## FOAM & UPHOLSTERY SPECS\*

### FOAM

Flame Resistance: Ca117 Section A Part I & Section D Part II

### UPHOLSTERY

Flame Resistance: Ca117 Section E Class I

\*This applies only to standard Buro stock. Any customer specified upholstery may not meet these specifications.

## MECHANISM OPERATING INSTRUCTIONS

IMPORTANT NOTE: Do not operate the mechanism levers unless properly seated in the chair.

- A Pneumatic seat height adjustment
- B **Seat angle adjustment:** Seat angle adjusts independently with a single lever
- C **Backrest angle adjustment:** Back angle adjusts independently with a single lever

## RECOMMENDED SEATING POSITION & ADJUSTMENTS:

- Sit in the chair, adjust the seat tilt so that it is approximately horizontal or inclined slightly forward, to allow an angle greater than 90° at the knees and the hips.
- Adjust the seat height so that your feet are resting flat on the floor. For good circulation, your lower legs should form a 90° angle with the floor, with your feet taking the weight of your legs.
- Adjust the backrest tilt function accordingly, to give your back firm support while sitting upright.
- Adjust the height of the backrest to give support to the lumbar region of your back.
- Your forearms should be close to horizontal as possible when working at a desk.

## PREVENTATIVE MAINTENANCE & WARNING!

- Use this product only for seating one person at a time.
- Do not use this chair as a step stool/ladder.
- Do not sit on any part of the chair except the seat.
- Do not use this chair on uneven floor surfaces.
- Do not interfere with the operating of the gas lift.
- Do not use chair unless all bolts, screws and knobs are tight. At least every six months check all bolts, screws and knobs to ensure they are tight.
- If any parts are missing, broken, damaged or worn do not use the product until repairs are made using factory authorised parts.
- Dispose of packaging properly.
- Plastic bag is not a toy.
- Do not use plastic bag as a head covering as it may cause suffocation.
- Failure to follow these warnings could result in serious injury.
