

Poly Cotton Gloves

Poly Cotton Knitted Gloves – Men's & Ladies

Poly cotton gloves are manufactured from a durable cotton–polyester blend, providing a lightweight, breathable, and comfortable solution for applications requiring basic hand protection in dry, low-risk environments. The knitted construction offers flexibility and dexterity for general handling and light-duty tasks.

The glove shell is made from 85% cotton and 15% polyester, delivering a balance of softness, strength, and durability. A polyester binding at the wrist helps maintain glove shape and provides a secure, comfortable fit during use.

These gloves are ideal for users who require cost-effective, reusable hand protection against dirt, dust, and minor abrasions without restricting movement.

1. Manufactured from an 85% cotton / 15% polyester blend
2. Knitted construction for flexibility and comfort
3. Lightweight 60g glove design
4. Polyester wrist binding for secure fit
5. Provides basic protection against dirt, dust, and minor abrasions
6. Reusable and washable for cost-effective use
