

Winc. Specialty Paper.

Winc Specialty Paper. This specialty paper range helps your projects, certificates, invites or letterheads stand out and gives them a personal touch. The range is available in a variety of finishes and colours, including Linen embossed, Parchment, Marbled and Shimmer finishes. Keep the paper safe and easily identify the paper type and colour with the resealable see through poly wrap. The wrapper and paper are both recyclable products (wrapper is PP5 and can be recycled in domestic yellow lidded bins). The range is fully tested and approved to work consistently through all office printers, faxes, and photocopiers. Made from certified plantation timber, the Winc Specialty Paper range is produced from Elemental Chlorine Free (ECF) pulp and is Acid Free with archival properties of 200+ years. Winc Satisfaction Guarantee.
