

ALL-WEATHER COPIER PAPER

Rite in the Rain is a patented, environmentally responsible, All-Weather Copier Paper that sheds water, allowing you to write anywhere, in any weather. Photocopy or laser print your own all-weather forms, charts, maps, and worksheets on patented Rite in the Rain Printer Paper.

A3/A4
sizes

- What you print or write will not rub or wash off in harsh conditions.
- Compatible with laser and photo printers (not suitable for inkjet printers).
- No need to laminate. For a fraction of the cost, Rite in the Rain enables you to work efficiently and cost-effective, regardless of the environment.
- Unlike synthetics, Rite in the Rain won't collect a static charge while printing, causing sheets to bind together and jam your machine.
- Unlike some synthetics, there is no risk of Rite in the Rain melting in your laser printer or photocopier and damaging your fuser rollers.
- Rite in the Rain folds, tears, burns, and recycles like standard paper. When you're finished with them, they can be recycled with standard office paper.
