GREAT DIVIDER STARTER SET

Fabric Great Dividers are a brand new rolling wall system for flexibly dividing space and providing effective visual and acoustic barriers. While providing excellent space division, when not being used they simply fold up and roll away in seconds into a compact and storable unit. Great Dividers are a completely modular system allowing you to add panels to create the length of divide you need, up to 7.5 metres long. For even longer configurations units can be ganged together.

Great Dividers come in two heights: 1820mm high (6 foot) or 2438mm high (8 foot). While the most popular version is the blue fabric wall, there is also the option of a pair of dry-erase whiteboard wall panels.

Great Divider fabric panels are pinnable with a soft substrate, which also aids sound attenuation.

GREAT DIVIDER

GREAT DIVIDER ADD ON PANELS

Add-on panels come in hinged pairs, with each panel measuring 820mm wide. Like the Starter Sets there are two heights:

1820mm high (6 foot)

2438mm high (8 foot)

The optional dry-erase whiteboard features a high pressure laminate dryerase surface that provides smooth writability, easy erasability and exceptional durability. Up to 3 pairs of Add-on panels can be joined to each Starter Set to create large-format flexible walls, up to 7.5m long. For even longer configurations units can be ganged together. A 4-piece ganging kit link sets together. One set of four is required for each pair of end panels to be joined together.
